

Our Partners

Hops For Awareness has partnered with multiple organizations to fulfill their goal of raising funds in order to support programs in our local communities. One of our partners is the Anabel Foundation. The Anabel Foundation helps those who need assistance in everyday life. The Anabel Foundation was founded in the memory of Countess Roberta Buxhoeveden and her daughter, Anabel. Through the generosity and vision of the Countess and President Jack Privitera, The Anabel Foundation creates good will and assists those less fortunate and their families.

Who We Are

Hops For Awareness is a community organization trying to brew awareness and improve the lives of individuals with special needs.

Oktoberfest

Oktoberfest is the largest beer celebration that originated in Germany. Our own Oktoberfest party will be held at Bahr's Landing in Highlands, NJ where we will celebrate with beer, German food and dancers!

About The Brookdale Scholarship

Brookdale Community College, located in Lincroft, NJ has "An Enrichment Program for Students with Developmental Disabilities" for students who are 18 yrs. and older. This program provides continued academic enrichment with a focus on life skills in a college campus setting. Students with developmental disabilities will gain new knowledge, skills and confidence for becoming better recognized, contributing members of our communities. The funds we raise through this Oktoberfest party will go directly towards scholarships for these students.
